PROFESSIONAL EXPERIENCE

Senior Web Developer | RepIndia — Jun 2022 – Present

- Lead full-stack development and maintenance of client websites and web applications using **Laravel**, **Core PHP** and **WordPress**, with responsive front ends in HTML, CSS and JavaScript.
- Built hands-on experience with **Next.js** and **Node.js** on API-driven interfaces alongside Laravel services.
- Designed and optimized **MySQL** schemas and queries to improve application performance and reliability.
- Developed and customized **Shopify** stores for ecommerce clients.
- Manage deployments and infrastructure on **AWS (EC2, S3, RDS, IAM)** and Linux servers; configure **Nginx/Apache** and run CI/CD processes for smoother releases.
- Established code review practices and improved team workflows with **Git (Bitbucket/GitHub)**.
- Use **AI-assisted developer tools** to accelerate delivery and raise code quality; exploring AI enhancements such as LLM API integration and automation for client products.

Web Developer | Impulse Software Solutions Pvt. Ltd. — Feb 2019 – Jun 2022

- Developed and maintained web applications and client websites using **Core PHP** and **WordPress** with clean, modular, maintainable code.
- Built responsive interfaces with **HTML5, CSS and JavaScript**, ensuring cross-browser compatibility and a better user experience.
- Used **Git** for version control and took part in code reviews to uphold code quality and best practices.
